- ✔ Electronic Signature feature allows students, parents and staff members to electronically sign desired documents.
- ✔ It enables institutes to provide better service for greater student success.
- ✔ Students may apply online or just walkin to get enrolled into the system.
- ✔ Multiple workflows are supported to handle each school's distinct requirements.
- ✔ Multiple campuses support available.

# Student Lifecycle Management

- ✓ Student lifecycle management is a comprehensive data-driven approach that helps manage 'student success' through their entire journey from admission to alumni.
- ✓ Student success is undeniably one of the most important goals for any college or university.
- ✓ Once the student journey is underway, retention and progress become the most important goals.
- ✓ No two students are the same and identifying "at risk" students early, customizing communication with them, and helping them succeed, significantly raises the overall student success ratio for any institution.
- ✓ Challenges of staying connected to your alumni, facilitating an environment for them to mentor budding student graduates and improving their chances of employability, all add great value and reputation to the institution.
